## 2D Design V2

TechSoft created 2D Design for users who require sophisticated drawing and design features, but don't want to spend a lifetime learning to use them. Although designed with professional capability, its ease of use means that 2D Design is the CAD standard for the vast majority of UK secondary schools.

## **2D Design Tutorial**

During the course of this tutorial I will lead you through the creation of a case using 2D- Design. We will use our design to manufacture a case for your electronic circuit (CAD/CAM). Feel free to copy the design exactly to gain confidence and learn how to use the program or if you are already confident, use it to create your own design. 1.
